Carriage/Post charges

Carriage charges on our shopping cart are calculated by weight. We try to use the best value for all concerned. We have three tiers to our charges, up to 100g 101g to 5kg and over 5kg. These apply for all UK deliveries. The over 5kg rate has no maximum weight restriction, the flat fee applies. We reserve the right to review these charges on all orders in excess of 100kg.

Carriage charges are subject to change without notice. If you have any concerns please contact us. If you have any specific delivery requirements that cannot be detailed when placing online order please contact us.

If you have your own freight company that you wish to use, you unfortunately cannot purchase through our online shopping cart. You need to contact us directly and advise us of your preferred freight company. Note: Goods have to be paid for prior to despatch unless you are either an account holder or a school or hospital.
